Honorable Dan E. Garvey,
Acting Governor
State of Arizona

My dear Governor Garvey:

I have just returned this morning from a conference with Mr. Ralph Merritt regarding the final acquisition of Fort Huachuca by the National Guard. Yesterday afternoon, Sunday, November 14, we went over all details and he, at the present time, has most of the paper work finished.

I have arranged a conference for here Thursday morning, November 18, with National Guard Officials and Ralph Merritt. At the conference it is believed that the final steps for acquiring Fort Huachuca will be started.

All items located at the Kingman Army Air Base have been allocated. Mohave County received more than their share but, as you know some people are never satisfied.

The Florence Prisoner of War Camp has been taken over completely by the National Guard and I am sure that General Tuthill will report the details on this transaction to you.

In addition to working on Fort Huachuca, this office is also negotiating for Yucca Army Air Base and is cleaning up details bonds and etc. from the Douglas Army Air Base.

Very truly yours,

Robert O. Kelly
